# I. General Activities Highlights

## 1. University Management Meeting:

The deputy met with the Secretary general of the university for finance twice to complete the procedures for the completion of the payment of the fees for printing the financial regulations of the center to the Ministry of finance and was paid on 23 August.

The deputy met with the director of the electronic portal to confirm the completion and cooperation with the company responsible for designing the website of the center on the university website and all requests were completed on August 24.

## 2. Career development Activity

### a) Entrepreneur camp corporate with Technology Innovation and Entrepreneurship Center

Cooperation with the Center for Creativity and Innovation in implementing the Entrepreneurship Camp, which includes various topics and goals, such as introducing the field of entrepreneurship and how to start working on your idea and how to develop it and start with it?

Program Advantages:

- 1- Participants will receive a certificate from the Ministry of Communications and Information Technology
- 2- Participation in an intense work environment through which you can learn about most of the needs of the community and come up with a competitive and influential idea in the labor market
- 3- Learn the basic skills for effective and successful project management, from implementing the idea to its presentation
- 4- Providing the opportunity to communicate with many experts in the field of entrepreneurship, identifying challenges in the labor market
- 5- The camp qualifies in the Ibtichar marathon organized by TIEC, which is a competition in 4 different technological fields and prizes of 40,000 pounds for the winning teams.

The UCCD Aswan center had an active role in participating through marketing, camp and implementation steps in selecting students and creating a WhatsApp group to facilitate the communication of innovation and creativity center officials with students
